

ANY OF YOUR CLIENT'S ABOUT TO TRAVEL TO TANZANIA?

The Government of Tanzania advises travellers to the country that, **from June 1 all plastic carrier bags, regardless of thickness, will be prohibited** from being imported, exported, manufactured, sold, stored, supplied and used in mainland Tanzania.

Visitors to the country are advised to avoid carrying plastic carrier bags or packing plastic bags or items in plastic carrier bags in suitcases or hand luggage. Special desks will be present at all entry points for the surrender of plastic carrier bags that visitors bring into Tanzania.

'Ziploc bags' specifically used to carry toiletries will, however, be permitted as they are expected to remain in the permanent possession of visitors, and are not expected to be disposed in the country.

The Government says it does not wish to make visitors' stay in Tanzania unpleasant as it enforces the ban, but appreciates understanding of the country's imperative to protect the environment and keep the country clean and beautiful.
